

Research Connections to Practice

An AVPhD (Audio-Visual PhD) Regional
Workshop, South Wales and South West England,
16th - 17th May 2008 at Caerleon Campus,
University of Wales, Newport. NP18 3YG

With a unique mix of speakers from industry and the academy as well as practice-led research students, we are proud to introduce a 2 day workshop hosted by the International Film School Wales, at Newport School of Art, Media and Design, University of Wales, Newport.

The workshop will focus on what might be distinctive about media practice research and how to create an academic environment to foster innovative research practice. What kind of work can be addressed through AVPhD? Who is it for? And how can it be distinctive from work pursued in the industry or in other parts of the academy?

Contributors: Ceri Sherlock, Terry Flaxton, Maureen Thomas, Rowena Goldman, John Adams, Steve Blandford, Clive Myer.
